

Principles & Practices of Psychodrama

Techniques for Healing through enacting scenes from the past, present or future. Therapists will be able to aid their clients to:

- Work through problems
- Resolve unfinished business
- Explore current difficulties
- Rehearse future behaviours
- Create new possibilities

- ❖ A Skill-Building Workshop with 6 CEUs
- ❖ Immediate Skills to Use in Your Practice
- ❖ Demonstrations & Live Work
- ❖ Opportunity for Interactive Learning
